Montessori: The Whole
Picture

Please RSVP [here](#).

Childcare is available for
children 3 years and older.

Friday, February 16th:

Spirit Wear Orders Due

It's Time to Re-Enroll!

It's hard to believe but it is already time to commit for the next school year at Heartwood. If your child is moving to a new level, you are invited to make an appointment to observe in the next classroom setting within the next 3 weeks.

Next year, as in every year, classroom placement will generally be determined by the attempt to balance ages and the genders within each environment. Our goal is always to keep your children with the same teachers for their three year cycle. For teachers, students and families it helps tremendously to have more time to build a strong relationship.

Many thanks to Janet Weed for setting up our digital re-enrollment form! We also have paper copies in the lobby. You may leave them in the basket on Janet's desk for processing.

If you have any questions at all about re-enrollment or your child's placement, please email [Sue](#) directly.

Dates to Remember

Monday, February 19th:
NO SCHOOL

Teacher Work Day

children 3 years and older.

Tuesday, February 27th:

Scientific Research of the
Montessori Method

Please RSVP [here](#).

Childcare is available for
children 3 years and older.

Spirit Wear Returns to Heartwood

Thanks to a wonderful parent volunteer, Allicia Meuse, we will be offering Spirit Wear again this year! Paper "alerts" were sent home the week of February 5th and ordering information hit your inboxes around the same time.

Mini color swatches will be on display in the lobby along. If you have any questions, please email samantha@heartwoodmontessori.com.

Don't want to search your inbox? [Order your spirit wear here!](#)

Scientific Research of the Montessori Method with Ray McClure

Join us on Tuesday, February 27th for a talk with one of our fabulous High School teachers, Ray McClure. He will discuss the science behind Montessori and examine the studies that surround the method.

Ray has been teaching for 16 years and holds a Masters of Science degree from the Massachusetts Institute of Technology in the field of Mathematical Physics. He has received his Montessori Teaching Certifications for Elementary I and II from the American Montessori Society.

You can find out more about this event and [RSVP here](#).
